Mission Statement: Department of Music

As the primary music unit of a comprehensive, doctoral/research-extensive university of national rank, the mission of the Department of Music at Mississippi State University is three-fold. The department's first obligation is to provide music instruction and specialized pedagogical training for state-certified elementary and secondary school music teachers in the Bachelor of Music Education degree. This program of instruction is intended to prepare students for exemplary entry-level teaching performance and for admission to selective graduate schools. To this end, the Department of Music provides:

- (a) Curricula and advisement that encourage students to acquire a broad, liberal education.
- (b) A comprehensive undergraduate education in the art of music.
- (c) A background in existing music curricula, curriculum design principles, materials, and methodologies.
- (d) Preparation in general education, theory, history, and methodology.

The department's teacher preparation mission extends beyond the campus and includes support for in-service teachers, elementary and secondary schools and students, and arts education organizations and service agencies.

A second obligation is to provide music instruction and specialized pedagogical training for students wishing to have a music emphasis within a liberal arts framework in the Bachelor of Arts degree. This program of instruction is intended to prepare students for continued inquiry and study, as well as, admission to selective graduate schools for further training. In accordance with this, the Department of Music provides:

- (a) Curricula and advisement that encourages students to acquire a broad, liberal arts education with an in-depth study of music as the emphasis.
- (b) Coursework and preparation in performance, theory, history, composition and pedagogy of music.
- (c) Opportunity to design a more personalized course of study within accepted guidelines.

A third obligation is the service provided by the Department of Music to the campus and community at large:

- (a) Liberal educational experiences in music for non-majors.
- (b) Opportunities to explore music as a major and pre-major.
- (c) Opportunities to combine in-depth study of music with other degree concentrations.

- (d) A rich cultural life, including music performances by students, faculty and guest artists.
- (e) Integrated arts experiences through cooperation and collaboration with other arts and arts-related disciplines.

These goals are realized within a professional community of artists and scholars dedicated to exploring and extending the boundaries of the theoretical and practical knowledge basis of the discipline. This faculty commitment to ongoing inquiry enriches teaching and serves as the foundation for service to the profession and the community.

Upper Division Proficiency Exam

Purpose:

The purpose of the U.D.P.E. is to verify that students have minimum competency in music theory, music history, writing, public speaking, performance, and basic skills in piano to ensure greater success in upper division music and music education courses, student teaching, and in the music teaching profession. Students enrolled in the B.M.E. degree must have an overall grade point average of 2.5 to be allowed to take the U.D.P.E. exams, and students enrolled in the B.A. degree must have an overall grade point average of 2.0 to be allowed to take the U.D.P.E. exams. This exam is normally given at the end of the sophomore year.

Exam Content and Administration:

The U.D.P.E. consists of four major components:

1. Oral presentation and performance
2. Written and aural theory evaluations
3. Music history/written communication evaluation
4. Piano Proficiency Exam

Oral Presentation and Performance Exam

The Oral Presentation and Performance is given to all music majors during the final jury of each area when enrolled in the 2000 level of their instrument. The purpose of the exam is to ensure minimum competence in writing, public speaking, and performance necessary for success as a professional musician.

Policy

At the beginning of the semester, students will be advised by their individual instructor about their exam. It is recommended that the oral presentation and performance be scheduled during juries at the end of the student's second semester of 2000 level applied study. Three faculty members will constitute the oral presentation jury, including the applied instructor. [*Passing this portion is required before enrolling in 3000 level applied study.*]

Requirement

The Oral Presentation and Performance is based on the 2000 level repertoire and performance skills as well as the written and spoken skills.

1. Students will prepare one or more works for their major applied area at the 2000 level of repertoire. [Students should consult with their professor for specific repertoire and guidelines].
2. Prior to the performance, students will make a short presentation on the composer(s) and the composition(s) they will perform. The content should be similar to what would be written in professional program notes.
3. Following the performance, faculty members will have the opportunity to ask questions of the student performer regarding performance, the composer or the composition.

Written and Aural Theory Exams

The Theory Exam consists of two parts: a written theory exam and an aural/sight singing exam, and are offered once in the fall and once in the spring. Current students must have passed Theory III or be enrolled in Theory IV to take the exam. Transfer students must have appropriate transfer credit. The purpose of the exams is to ensure minimum competency in theory and ear training for success as a professional musician.

Policy

The theory exam will be given at the beginning of the fall semester for transfer students and at the end of fall semester for students enrolled in Theory III. The written exam must be passed with a minimum 70% score. The aural/sight singing portion must also be passed with minimum 70% score. The

aural exam is approximately 60%, the sight-singing exam approximately 40% of this score. Below is a summary of expectations for the exam.

Requirement

Written Theory Exam:

The written theory exam will test understanding and mastery of first and second year theory subjects. These will include:

1. Fundamentals (clefs, chords, key signatures, scales, modes, intervals, etc.);
2. Four-part writing, including figured bass. This will include all diatonic triads and seventh chords, chromatic harmony (secondary dominants and secondary leading tone chords, Neapolitan, Augmented sixths, modulation, etc);
3. Analysis: Recognition of common-practice harmony (including the items listed above) in the context of a period piece. This will also include recognition of small-scale forms (phrase, period, and double-period).

Auditions

GENERAL INFORMATION

Scholarships, service awards, and a limited number of out of state tuition waivers are primarily awarded through participation in the department's major ensembles – band and choir. Students who audition for these ensembles as prospective music majors may have additional requirements as well (see below). Check with a [faculty member in your area](#) for details.

PREFERRED AUDITION DATE

Although alternate dates are available, the preferred scholarship audition date for music majors is the third Saturday in February. Other audition

times and dates are available, but this is the preferred date. To schedule an audition, contact the Department of Music office at (662) 325-3070. It is necessary to schedule a specific time for your audition either on the preferred audition day or on an alternate day.

The following requirements are for ensemble scholarship auditions only.

BAND ENSEMBLES

<http://www.msstate.edu/org/band>

Brass and Woodwind Players

- 5 major scales (Student's choice. 2 octaves where appropriate.)
- A full range chromatic scale
- A prepared piece that demonstrates your best qualities as a musician
- Sight-reading

Percussionists

- Snare Drum
- 5 rudiments (Student's choice. Open-Closed-Open)
- Long Roll
- A 1-2 minute prepared piece (on concert snare) that demonstrates your best qualities as a musician
- Sight-reading

Mallet Percussion

- Same as Brass & Woodwind requirements

Timpani

- Etude or solo

NOTE: To receive a band scholarship as a percussionist, students must also audition for and receive placement in the MSU Drumline. See the drumline

website at <http://www.msstate.edu/org/drumline> for details on audition material as well as audition dates.

All band auditions include sight-reading.

CHORAL ENSEMBLES

<http://www.music.msstate.edu/ensembles/choral/>

Please bring a prepared piece to sing for your audition. The song can be an Italian or English Art song, or a choral piece that you are currently performing in an ensemble. You will also be asked to sing vocalises to assess your range and tonal quality, pitch memory exercises to assess your ear, and a basic sight-singing example to assess your ability to sight-sing. The auditions are used to determine where each singer may find the greatest success in the MSU Choirs.

The audition will measure your stance, posture, the presence or absence of tension or nervous mannerisms, the quality of your speaking voice and fluency of delivery, your command of language and freedom of expression, your apparent attitude, your mental alertness, and so forth. While you are singing, the choral director will be listening for and evaluating your intonation, pronunciation, phonation, pitches, breathing, and/or vocal problems. This is much like a coach evaluating players for a team or a physician gathering all information before a diagnosis.

Students whose main performance area is piano, guitar or strings are encouraged to audition for scholarship consideration with either the band or the choir.

In addition to the above requirements, prospective music majors may be asked to perform additional material at the audition. Please contact a faculty member in your area for specific requirements. Examples of additional material may include the following:

Brass, Woodwind, Strings

- Additional scales (major and/or minor) with arpeggios

- Additional sight-reading

Piano

- Demonstrate major/minor scales and arpeggios (minimum of two octaves)
- Two prepared pieces of contrasting styles (memorization preferred)
- Sight-reading at an appropriate level
- Additional material may be included if desired

Percussion

- One solo on at least two of the following instruments: snare drum (rudimental or concert style), keyboard percussion, timpani.
- Major scales and snare drum rudiments
- Sightreading on an instrument of your choosing
- Optional: demonstration of drum set styles

Voice

- Sing a scale
- Perform two selections of the student's choice in the language of choice
- Sight-reading at an approved level
- Additional material may be included if desired

Guitar

- Contact Dr. Michael Patilla at 662-325-3070 for more information.

Note to all prospective music majors: A freshman student wishing to declare music or music or music education as a major may be assigned to serve a "probationary period" depending on a number of factors including, but not limited to, the following:

- The individual student's musical background and preparedness for music study
- The results of the audition process
- The discretion of the Department of Music faculty

Upon satisfactory completion of the requirements prescribed by the faculty, the student may then be admitted as a music or music education major in full standing. A probationary period typically lasts 1-2 semesters.

Advising

All music education and music majors will be assigned a faculty advisor upon their admittance to the program. Faculty advisors will meet with students each semester before pre-registration to help students plan their course of study. Advisors are available at other times by appointment.

It is the responsibility of the student, not the faculty member, to be aware of all rules, expectations and deadlines for the program, as outlined in the University catalog, the College of Education Student Handbook and the Department of Music Student Handbook.

Course Sequence

All music education students must register for courses in the Professional Education Core Curriculum and music method series in the sequence in which these courses are offered. The Department Head must approve all exceptions in writing.

Applied Study

All music education and music majors must be enrolled in applied music for a minimum of six semesters of study, two credit hours lessons, and one of which must be the semester of their Senior Recital or Senior Project. A degree recital is required and must be successfully completed before graduation. Community college transfers must complete at least four credit hours of applied music at Mississippi State. All music education and music majors should enroll for two credit hours in their instrument of concentration.

In order to qualify for a semester grade of “A” in an applied area, a student must perform on recital hour at least once each semester. Entering students are exempted from this requirement during their first semester.

The Department Head must approve requests for change of applied teachers. Students requesting to change teachers must discuss the change with their present teacher, the respective area chair and the Department Head. Changes of applied instructors are by no means automatic. Rather, changes are approved only when it is the opinion of the area chair, the advisor and the Department Head that the best interests of the student are not being served. In addition, the request for change is also subject to availability and consent of the teacher with whom the student wishes to study.

Applied Jury Guidelines for the Department of Music

All applied students with the exception of non-music major students as determined by studio teachers are required to perform a jury at the conclusion of each semester. Jury requirements vary by applied area (see below), but in all cases, the jury performance shall constitute 25% of the semester grade. The remaining 75% of the semester grade is up to the discretion of the applied instructor and may include: attendance, practice journals, lessons, attendance at certain concerts, and others. For further information about grading see each area instructor’s syllabus.

Each applied area jury (woodwinds, voice, brass and percussion, keyboard and guitar) shall consist of a minimum of three faculty members. All faculty members present will provide a written evaluation of the student performance and assign a grade. The teacher of each applied student will share the evaluation with the applied student following the jury. The applied jury form, with evaluation and grade, becomes a part of the student’s permanent file. (For jury forms go to the web page under forms.)

The applied music jury will be comprised of four areas:

1. Technique (Scales, Arpeggios, Etudes, Vocalizes, Diction, etc.)
2. Sight-reading
3. Independent study
4. Repertoire

Appropriate repertoire/skills will be determined by the applied teacher, as articulated in the applied study guidelines. It would be expected that all students would experience a variety of genres, styles, time periods, and literature of historically significant eras during their course of study. Please see your applied teacher for these expectations, or visit the departmental website.

All applied juries will be administered at a mutually acceptable time for the applied faculty. Generally, this time will not be before the last week of classes. Jury dates are usually set during finals week.

Recital Hour Requirements

All students receive a grade for MU 1010 Recital Hour, which is based on their attendance record at Recital Hour programs and evening recitals. Any request for an excused absence must be submitted in writing to the Recital Hour Coordinator prior to the event.

All students must attend Recital Hour. These sessions will feature special presentations by faculty and/or guest artists in addition to student recitals. At the beginning of each semester, students will receive a schedule outlining the nature of these programs and their location. Most programs will take place in either Giles Auditorium or Music Building C. Twice per semester, the Recital Hour is divided by area (brass, percussion, woodwinds, keyboard and guitar and voice), and each area meets in a different place set at the beginning of each semester for studio class.

All music education and music majors must attend evening recital programs as part of their Recital Hour grade. Students will be expected to attend at least 10 recitals in order to receive an A. Please refer to the recital list and syllabus given to students at the beginning of each semester or check the department web site for additional details about recitals/concerts.

Recital Hour Programs

A faculty member coordinates all Recital Hour programs. The schedule for the semester will provide a balance of programs of interest to all students.

All program information for student recitals must be submitted to the Recital Hour Coordinator by noon on the Friday preceding the Wednesday afternoon performance. Once the submissions have been compiled, a sample program will be placed on the music office door by Monday noon for approval by the applied faculty. Program participation is assigned on a first-come, first-served basis. Students who have not yet met their Recital Hour requirements take priority over students who have already performed that semester. Music education and music majors take priority over non-majors, although every effort will be made to allow all students to perform. Faculty and students are reminded to plan carefully in order to ensure fulfillment of the Recital Hour requirements each semester.

Student Recital Policies

All students are required to prepare a Senior recital or project program as part of their degree program. Additional recitals are recommended and may be presented as joint recitals with another student, or as a complete solo recital. Please consult with your applied teacher for guidance in the preparation of these programs. Please respect the following requests:

1. Please request a date and venue for a recital as far in advance as possible in order to reserve a date through the faculty member who is the calendar coordinator. If a date is reserved prior to the beginning of the semester, the recital information will be included as part of the recital attendance requirements for all students. If the date is not confirmed before the concert schedule has been released, students will be encouraged but not required to attend.
2. Program information for all student recitals must be submitted to the departmental office no later than *10 days* before the program, in order to guarantee that programs will be ready in time for the recital. The Department of Music office will publish all senior recital programs for music education and music majors.

Recital Hearing

A recital hearing for students preparing to give their required degree recital must be scheduled *at least 2 weeks before the scheduled event, and not more than 4 weeks before the event*. The purpose of the hearing is to give students an additional opportunity to perform and to ensure that students are appropriately prepared for public performance. Students who are giving optional recitals [not their official degree recital] are not required to do a hearing.

Process:

1. The applied professor of the student preparing for recital and recital hearing will, in consultation with the student, select 2 additional faculty members to serve on the recital hearing committee and schedule the location, day and time of the hearing.
2. The student will bring 3 copies of a draft of the recital program, complete with program notes, biographies, etc. to the hearing.
3. The applied professor will secure and bring a copy of a recital hearing form (see the web page under forms) to the hearing.
4. The student will begin the hearing with a composition or movement of composition from the recital. Faculty members will then request performances of additional repertoire from the recital. For the recital hearing, students should be prepared to perform isolated repertoire selections or movements at random – not necessarily in program order.
5. The recital hearing committee may or may not ask a student to play his or her entire program. If a program includes ensemble music, all ensemble participants should be present at the hearing to perform ensemble repertoire as requested by the committee.
6. At the completion of the hearing, student participants will be dismissed and the faculty committee will vote on the hearing with a rating of pass or fail with at least a majority ruling [2 out of 3 committee members with the same vote]. The vote and any comments will be recorded on the recital hearing form and the form will be returned to the main office to be placed in the student's file.

7. If a student passes the hearing, the office personnel will be notified and given the draft program for printing. Office personnel in charge of recitals will schedule student workers for stage management, recording and program distribution.
8. If a student fails the hearing, he/she may re-take the hearing not less than 4 weeks or more than 6 weeks after the failed hearing.

General Guidelines for Departmental Operations

Hours of Operation

The Department of Music office, the Band Hall office, and the Choral office are open from 8:00 a.m. until 5:00 p.m. Monday – Friday.

Practice Rooms

Music Building A is open from 8:00 until 5:00 p.m. Monday – Friday. Music education majors, music majors and faculty members who are approved by the Department of Music may use their identification cards to access the music building during the fall and spring semesters from 7 a.m. until midnight. Approval forms are available in the departmental office. Access after hours is a privilege that can be rescinded if students allow others to access the building, loan their cards to others, bring food into the practice area, or commit vandalism. Practice rooms (without pianos) are also available in the Band/Choral Building during regular business hours. *Eating, drinking, and smoking are not permitted at any time in the practice rooms.*

Student Records

The department maintains a file for each registered music education and music major. The file generally contains the following items: student background and admissions information, correspondence, program check sheets and College of Education Phase forms, College of the Arts and Science forms, other review and petition forms mandated by the specific colleges, student transcripts and grade reports, jury and repertory sheets, recital programs, Upper Division Proficiency Exams' forms with results. The file is available to students, faculty advisors and other university officials in accordance with the Family Education Rights and Privacy Act of 1974 (The Buckley Amendment).

Photocopying

Photocopying is available to faculty through the departmental office. Faculty is asked to be judicious with copying in the interest of keeping costs to a minimum. *ALL PHOTOCOPYING OF COPYRIGHTED MATERIAL MUST CONFORM TO APPROPRIATE COPYRIGHT LAWS. STUDENTS AND FACULTY MUST NOT*

USE THE COPY MACHINE AS A SUBSTITUTE FOR PURCHASING MUSIC AND OTHER CLASSROOM MATERIALS.

Performance Facilities

Giles Auditorium

Located in the School of Architecture, Giles Auditorium is the main recital hall for the Department of Music. Many student recitals are held in this facility, along with faculty and guest artist programs. All requests to use the hall must be made through your applied instructor or the Department of Music office.

McComas Theater

This facility functions as the main university theater, as a classroom, and as a performance hall for faculty, guest artist recitals, and Lyceum Series, as well as student ensemble programs. The Chair of the Department of Music and the Theater Department do all scheduling for this facility in the summer prior to the upcoming academic year. Faculty who wish to schedule programs and rehearsals in this hall must submit requests for the following academic year to the Department Head no later than June 1st. Advanced notice of performance dates for this facility is vital, as requested times must work around the theater department's performance schedule.

Bettersworth Auditorium in Lee Hall

The auditorium in Lee Hall is used for various student ensemble programs, as well as the University Lyceum series. All requests to use this facility must be made through the Lee Hall staff.

Music Building C

Music Building C is available for evening concerts. All requests to use the hall must be made through your applied instructor or the Department of Music office.

Departmental Calendar

The official departmental calendar is posted on a bulletin board in Building A and departmental web page. All recital requests and entries on the calendar must be made through the Recital Coordinator. Do not assume that your program is official, unless the committee has approved it! It is the responsibility of the teacher to notify the Recruiting and Recital Committee and Recital Hour Coordinator as soon as possible, or at least two weeks in advance of any schedule changes.

Accompanists

The department has one staff accompanist to work with students on recital performances. Piano majors may accompany some music majors, and all assignment of student accompanists will be coordinated through the Keyboard faculty. Applied teachers whose students are using departmental accompanists are responsible for giving the semester's music to the accompanists. Keyboard faculty members are responsible for checking and providing help to accompanists with their repertoire assignments on a regular basis.

Ensembles

All music education majors are required to participate in the designated major ensemble for their applied area for seven semesters. Music education students are exempt from ensemble requirements during the student teaching semester. Music majors are required to participate in ensembles for four semesters, two of which must be the designated major ensemble for their applied area. Opportunities to perform in both chamber and large ensembles are varied; students are advised to consider their various educational commitments as they plan their participation. Consult faculty advisors or applied faculty in making these decisions. Students who wish to participate in more than two ensembles should have a cumulative GPA of *at least 2.5*, as well as the permission of the advisor and/or Department Head. Participation in each ensemble is governed by specific guidelines set forth by individual directors. Students who audition and are accepted into an ensemble are expected to participate according to departmental and ensemble guidelines.

Students are reminded that activities such as those listed above are additional opportunities for participation in music performance. If a student's grades begin to suffer as a result of participation in these activities, the faculty advisor and/or department head reserves the right to restrict access to these organizations.

Student Organizations

The student groups sponsored by the department are the Student Advisory Committee, the Collegiate Music Educators National Conference, American Choral Directors Association, Phi Mu Alpha Sinfonia, Sigma Alpha Iota, and Kappa Kappa Psi. Students who participate in these groups are responsible for attending to all responsibilities associated with membership. Advisors are reminded that activities sponsored by the groups must be structured according to general departmental guidelines, especially as this pertains to ensembles, scheduling of events and performance facilities, program preparation and publicity.

Collegiate Music Educators National Conference

MENC is open to all students who are interested in music education. A variety of events are sponsored throughout the year to inform students of issues facing music educators. Active involvement in this organization enables students to develop a professional network with music teachers throughout the region. Dues in the organization include a subscription to *Music Educators Journal* and *Teaching Music* and to *MMEA Journal* and membership in *MENC* and *MMEA*. Any

student interested in joining the organization should contact the Music Education professor at 325-3070 or via email (see faculty listing)

The fraternity also aims to aid, inspire, and direct its members in musicianship, citizenship, and friendly and unselfish sisterhood. Any student interested in joining the organization should contact the music fraternity chair at SAI.EpsilonChi@gmail.com, or the web page address at <http://www.msstate.edu/org/sai/>

Kappa Kappa Psi

Music education majors are advised that these organizations often require various degrees of scholastic achievement in order to remain on the active roster.

Scholarships

The department offers a number of scholarships for music education and music majors. While each award is unique and subject to a variety of criteria, all awards are under the control of the Office of Financial Aid and the College of Education, which determines each recipient's eligibility. Students cannot receive financial aid beyond the limits set forth for them by Financial Aid personnel. Students must maintain music education or music major status to remain eligible. Please contact the Financial Aid office at Mississippi State for other scholarships that are available to all Mississippi State students.

Incoming Music Major Scholarships

These scholarships are awarded for the incoming freshman or transfer students through the Director of Bands or the Director of Choral Activities. Scholarships are divided equally between the Fall and Spring terms. The awards are based on auditions, which are held prior to a student's enrollment. Scholarships are available to students in the instrumental, vocal, and keyboard performance areas. For more information contact the instructor of each area.

Out-of-State Tuition Waivers

A limited number of out-of-state tuition waivers are annually available to participants in the university choral and instrumental ensembles. These will be determined by auditions, which will be held during the pre-registration period each semester, and which will continue until all waivers are awarded. The auditions and the waivers will be administered by the Director of Choral Activities and the Director of Bands.

Service Scholarships

Scholarships/service awards are available to band members, regardless of academic major. The amount of the award is determined by musical ability demonstrated during the audition. The awards are renewable annually to those students who have satisfactorily met the requirements of the band program as outlined in their award letter. Students may qualify for a waiver of a portion of the out-of-state tuition (generally up to 45%) with the amount determined by audition.

Scholarship/service awards are also given through the Choir area according to guidelines set forth by the Director of Choral Activities. Interested students should contact the Director of Bands and/or the Director of Choral Activities.
