Auditions

All potential music majors and minors are required to audition before appropriate faculty in order to determine their suitability to enter the program, participate in any ensemble, and determine eligibility for a scholarship or service award.

Although alternate dates are available, the preferred audition date for music majors and minors in all areas is the third Saturday in February. Other audition dates are available by contacting the applied faculty of your area of concentration, the department office (662) 325-3070, or the major ensembles offices.

For more information about major ensembles, their scholarships and service awards, and other audition dates visit the following websites:

Band	http://msuband.msstate.edu/howdoijoin/index.php
Choir	http://www.statesings.com/State_Sings/Choral_Home.html
Orchestra	http://www.msphilharmonia.org/musicians/

In cases where a student intends to audition for a scholarship in the same ensemble area for which he/she is also auditioning as a music major the two auditions should be combined into one with appropriate ensemble and applied faculty present (whenever possible). This applies to brass, woodwinds, percussion, and voice.

Guitar and piano auditions occur separately with the faculty in those applied areas. For scholarships or service awards, students should also audition for their preferred major ensemble mentioned above. For more information contact the area chairs:

Dr. Rosângela Sebba, piano	rys3@colled.msstate.edu
Dr. Michael Patilla, guitar	guitar@colled.msstate.edu

General Guidelines for Departmental Operations

[Student Records](#)

Collaborative Pianists

The department has one faculty collaborative pianist to work with students on upper division juries and degree recital performances. Piano majors may accompany some music majors, and all assignment of student accompanists will be coordinated through the keyboard faculty. Applied teachers whose students are using departmental accompanists are responsible for giving the semester's music to the accompanists. Keyboard faculty members are responsible for checking and providing help to accompanists with their repertoire assignments on a regular basis.

Departmental Calendar

The official departmental calendar is posted on the departmental web site: <http://music.msstate.edu/> . All recital requests and entries on the calendar must be made through the Recital Coordinator. Do not assume that your program is official unless the committee has approved it! It is the responsibility of the teacher to notify the Recruiting and Recital Committee and Recital Hour Coordinator as soon as possible, or at least two weeks in advance of any schedule changes.

Hours of Operation

The department office (662-325-3070) is open 8:00 a.m. to 4:00 p.m. Monday through Friday.

Performance Locations

Buttersworth Auditorium in Lee Hall

The auditorium in Lee Hall is used for various student ensemble programs, as well as the University Lyceum series. All requests to use this facility must be made through Event Services (325-3228).

Chapel of Memories

Excellent location for small ensembles. All requests to use this facility must be made through Event Services (325-3228).

Harrison Auditorium

Located in the School of Architecture, Harrison Auditorium is the primary solo and chamber music recital hall for the Department of Music. Many student recitals are held in this facility, along with faculty and guest artist programs. All requests

to use the hall must be made through your applied instructor or the department office (325-3070).

McComas Theater

This facility functions as the main university theater, as a classroom, and as a performance hall for faculty, guest artist recitals, and Lyceum Series, as well as student ensemble programs. The heads of the Department of Music and the Theater Department do all scheduling for this facility in the summer prior to the upcoming academic year. Faculty who wish to schedule programs and rehearsals in this hall must submit requests no later than June 1st to their respective department head for the following academic year. Advanced notice of performance dates for this facility is vital, as requested times must work around the theater department's performance schedule.

Music Building C

Music Building C is available for small recitals and recital hearings. All requests to use the hall must be made through your applied instructor or the department office (325-3070).

Photocopying

Photocopying is available to faculty through the departmental office. All photocopying of copyrighted materials must conform to appropriate copyright laws.

Practice Rooms

Music Building A is open from 8:00 until 5:00 p.m. Monday through Friday. Music education majors, music majors and faculty members who are approved by the Department of Music may use their identification cards to access the music building during the fall and spring semesters from 7 a.m. until midnight. Approval forms are available in the departmental office. Access after hours is a privilege that can be rescinded if students allow others to access the building, loan their cards to others, bring food into the practice area, or commit vandalism. Practice rooms (without pianos) are also available in the Band and Choral Rehearsal Building during regular business hours Monday through Friday.

Student Records

The department maintains a portfolio for all current music education and music major. The file generally contains the following items: student background and admissions information, correspondence, program check sheets and College of Education Phase forms, College of the Arts and Science forms, other review and petition forms mandated by the specific colleges, student transcripts and grade reports, jury and repertory sheets, recital programs, Upper Division Proficiency Exams' forms with results. The file is available to students, faculty advisors and other university officials in accordance with the Family Education Rights and Privacy Act of 1974 (The Buckley Amendment).

General Requirements for All Music Degree Programs

Each of the program areas are governed by specific rules and guidelines, which can be found in subsequent sections of this handbook. However, certain guidelines apply to students in all concentrations & majors. These guidelines affect or influence the status of students as music education and music majors as well as their eligibility for scholarships.

[Advising](#)

[Course Sequence](#)

[Applied Study](#)

[Applied Jury Guidelines](#)

[Degree Recital Hearing](#)

[Degree Recital](#)

Advising

All music education and music majors will be assigned a faculty advisor upon their admittance to the program. Faculty advisors will meet with students each semester before pre-registration to help students plan their course of study. Advisors are available at other times by appointment.

It is the responsibility of the student, not the faculty member, to be aware of all rules, expectations and deadlines for the program, as outlined in the University catalog, the College of Education Student Handbook and the Department of Music Student Handbook. Students should follow their academic degree progress through the CAPP-compliances link on Banner.

Course Sequence

All music education students must register for courses in the Professional Education Core Curriculum and music method series in the sequence in which these courses are offered. The Department Head must approve all exceptions in writing.

Applied Study

All music education and music majors must be enrolled in applied music for a minimum of six semesters of study (12 hours) and one of which must be the semester of the degree recital or project defense. A degree recital is required and must be successfully completed before graduation. Transfer students must complete at least four credit hours of applied music at Mississippi State before graduation.

In order to qualify for a semester grade of "A" in an applied area, a student must perform on recital hour at least once each semester. Students are exempted from this requirement during their first semester of applied study at MSU.

Requests for change of applied teachers will be approved by the department head. Students requesting to change teachers must discuss the change with their present teacher, the respective area chair and the department head. Changes of applied

instructors are by no means automatic. Rather, changes are approved only when it is the opinion of the area chair, the advisor and the department head that the best interests of the student are not being served. In addition, the request for change is also subject to availability and consent of the teacher with whom the student wishes to study.

Applied Jury Guidelines

All applied students (with the exception of non-music majors as determined by studio teachers) are required to perform a jury at the conclusion of each semester. Jury requirements vary by applied area (see below), but in all cases the jury performance shall constitute 25% of the semester grade. The remaining portion of the grade will be determined by the applied instructor and may include: attendance, practice journals, lesson preparation, concert/recital attendance, and other areas. For further information about grading see your applied study syllabus.

A jury will consist of a minimum of three faculty members. All faculty members present will provide a written evaluation of the student performance and assign a grade. The teacher of each applied student will share the evaluation with the applied student following the jury. The applied jury form, with evaluation and grade, becomes a part of the student's department portfolio.

The applied music jury will be comprised of four areas:

1. Technique (Scales, Arpeggios, Etudes, Vocalizes, Diction, etc.)
2. Sight-reading
3. Independent Study Assigned by the Applied Teacher
4. Repertoire

Appropriate repertoire/skills will be determined by the applied teacher, as articulated in the applied study syllabi. Students will experience a variety of genres, styles, time periods, and literature of historically significant eras during their course of study.

Degree Recital Hearing

The purpose of the hearing is to ensure that students are appropriately and sufficiently prepared for public performance and to provide constructive suggestions. Hearings are not required for non-degree recitals.

1. The recital hearing for students preparing a degree recital must occur at least three calendar weeks before and not more than four calendar weeks prior to the recital performance date
2. In consultation with the student, the student's applied professor will select two additional faculty members to serve on the recital hearing committee and schedule the location, day and time of the hearing.
3. The student must provide three copies of a draft recital program, complete with:
 - a. full titles of all music to be performed,

- b. composer with birth/death dates, include appropriate arrangers/editors/transcribers,
 - c. translations (for vocal majors),
 - d. program notes to include information about the literature and composers,
 - e. biographical information about the performers.
4. The applied professor will complete and bring the recital hearing form (see the web page under forms) to the hearing.
 5. The recital hearing committee may or may not ask a student to play his/her entire program.
 6. All performers included in the recital must be present at the hearing.
 7. At the completion of the hearing, performers will be dismissed and the faculty committee will vote (pass/fail) on the hearing. At least two “pass” votes are required to pass the hearing. The vote and any comments will be recorded on the recital hearing form which should be placed in the student’s file.
 8. The student and studio professor are responsible for proofreading the program.

The final program should be submitted to the office personnel for printing two weeks before the recital date. Office personnel in charge of recitals will schedule student workers for stage management and program distribution.
 9. If the hearing is not passed, it may be reattempted not less than four weeks or more than six weeks after the failed hearing.

Degree Recital

All students are required to prepare a degree recital or project defense as fulfillment of the degree requirements for B.A. and B.M.E students. Consult your applied instructor for guidance in the preparation of the recital.
