AUDITIONS

All potential music majors and minors are required to audition before appropriate faculty to determine their suitability to enter the program, participate in any ensemble, and determine eligibility for a scholarship or service award.

Although other dates are available, the department offers several audition dates, including scholarship auditions for music majors. For more information, go to [//www.music.msstate.edu/students/scholarships/](http://www.music.msstate.edu/students/scholarships/)

Piano auditions can be scheduled with the area coordinator; however, music majors and minors will also need to audition for a major ensemble (choir, band, or orchestra). It is possible to schedule your piano audition on the same day as your major ensemble audition (choir, band, or orchestra) – go to [auditions and scholarships](#).

PIANO PROFICIENCY EXAM

The purpose of the exam is to ensure competence in writing, public speaking, and performance, all of which are necessary skills for success as professional musicians and educators. Yes, all music majors are required to take this exam before enrolling in a 3000 lesson and some upper academic classes.

Policy:

This exam will be given as the final exam for MU 3111 and MU 3122, or on a needed basis at the end of each semester. It is recommended that transfer students take the exam prior to or during the first week of class of their first semester at MSU. Three piano faculty will grade each area of the exam "Pass" or "Fail." At least 2 "Pass" grades per question must be given for a student to pass. *Students must pass each area of the exam with a score of 70% or above. Students who fail any area will be required to retake the exam in entirety and enroll in an appropriate piano course recommended by the faculty members evaluating the exam.*

The Piano Proficiency Exam requirements are based on the third semester of piano class, MU 3111 and MU 3122. Details of the exam can be found on the [Undergraduate Handbook](#)

RECITAL AND PROJECT SCHEDULING, GUIDELINES and REQUIREMENTS

BME students are required to prepare a degree recital as fulfillment of the degree requirements, and the recital must be completed prior to student internship. BA students are required to prepare a degree recital

or project presentation as fulfillment of the degree requirement prior to graduation. Information about the project presentation is listed following degree recital information. Recitals have a minimum of 30 minutes of music. BM students are required to prepare a Junior recital (30 minutes of memorized works) and a Senior recital (60 minutes of memorized works) as fulfillment of the degree requirement prior to graduation.

DEGREE RECITAL AND/OR BA PROJECT

There are three important steps, and it is imperative to follow them to succeed:

- [Recital form](#)
- [Recital hearing form](#)
- [Recital request form](#)
- [Recital template \(Word doc.\)](#)

The purpose of the recital forms is to ensure that all the items listed below are available:

- The hearing and recital location(s)
- Date and time are not conflicting with other music events (check the Department Calendar)
- All committee members are available for the hearing and recital
- The CP is available for the hearing and recital (when and if applicable)
- All other performers are available for the hearing and recital

After the requested information is collected with all of the required signatures, the forms will be placed in the students' files.

DEGREE RECITAL AND PROJECT HEARING

The purpose of the hearing is to ensure that students are appropriately and sufficiently prepared for public performance and to provide constructive suggestions. Hearings are not required for non-degree recitals. The Recital hearing form should be completed and provided by the applied teacher the day of the hearing.

- The recital hearing for students preparing a degree recital must occur at least three calendar weeks before and not more than four calendar weeks prior to the recital performance date
- The student must provide three copies of a draft recital program
- The student and studio professor are responsible for providing the program and making any changes suggested by the recital committee. The final program should be submitted to the office personnel for printing two weeks before the recital date. Office personnel in charge of recitals will schedule student workers for stage management and program distribution.
- Students are encouraged to perform their entire program for the hearing, with the approval of the applied teacher, committee, and collaborative pianist as applicable.
- If the entire program will not be performed for the hearing, students may begin with a composition or movement of choice and faculty members will request performances of additional repertoire from the recital program.
- All performers included in the recital must be present at the hearing; exceptions should be discussed and approved by the applied teacher and committee members prior to the recital hearing.
- At the completion of the hearing, performers will be dismissed, and the faculty committee will vote (pass/fail) on the hearing. At least two "pass" votes are required to pass the hearing. The vote and comments will be recorded on the recital hearing form which should be placed in the student's file

- If the hearing is not passed, it may be reattempted not less than four weeks or more than six weeks after the failed hearing. The recital date should be rescheduled following the same procedure and the Calendar Coordinator should be notified as soon as possible

BA PROJECT PRESENTATION

The BA project presentation consists of two parts: a research paper and a public presentation. The BA project paper should:

- Focus on a clearly defined topic, chosen by the student with the advice of the project advisor and input from the project committee (analogous to a recital committee)
- Clearly expressed in the form of a 250-word abstract, which, in turn, is approved of by the student's project committee no later than the third week of the semester
- Consist of at least 2500 words, exclusive of footnotes
- Use 12-point plain Times New Roman font for the text and author's name, 14-point bold Times New Roman for the subheadings, and 18-point bold Times New Roman for the title, with double spaced text, one-inch margins, and page numbers centered in the footer
- Contain at least five professional-quality musical examples, electronically inserted in the paper and headed by captions that specify which measures of the piece they represent
- Reflect the reading of at least five sources, drawn from books or articles, or approved internet sources, which are documented via footnoted references in the paper
- Use the format decided according to the advisor's preferred style
- Contain music terminology acquired in music theory and history courses, as well as through applied study, expressed within grammatically complete and correct sentences – all of which will be checked by the student for spelling before submission
- Submit the draft to the applied instructor no later than the tenth week of the semester and subsequently revised according to the applied instructor's suggestions regarding content, grammar, and spelling
- Submit the final paper to the student's jury members no later than one week before the student's presentation

The BA project presentation should:

- Contain the essence of the student's paper in a 25-minute verbal overview, given from an outline, before an assembled audience of the project committee and students
- Include a handout that prints the paper's most instructive illustrations
- Utilize a PowerPoint presentation that incorporates audio and visual illustration
- Conclude with questions posed by the audience and answered by the student

The BA project - paper and presentation should:

- Be voted on by the committee members
- Pass with a majority of positive votes

DEPARTMENT RECITALS

1. All piano majors are required to attend masterclasses and workshops related to the area

2. All piano majors are required to attend all recitals presented by piano majors

CONCERT ATTENDANCE EXPECTATION

All full-time undergraduate piano majors and minors must demonstrate a persistent pattern of professional and musical growth through regular attendance and support for faculty and student recitals, concerts, and academic presentations on- and off-campus. 5% of your final studio grade is concert attendance and students should attend events in their entirety, save a program with a signature of a faculty member at the end of the events.

Your instructor will select events to attend besides the ones required for the piano area. Refer often to the [Department of Music Calendar](#) for performances updates. As another source is the [Lyceum Series](#).

CONCERTO COMPETITION

The competition is open to any music major, secondary major, or minor studying in the Department of Music at Mississippi State University. Performers must be currently enrolled as a student at Mississippi State University for both the competition and the performance.

Instrumentalists will perform one movement, with piano accompaniment, from a concerto for their instrument and orchestra or a concert piece, with piano accompaniment, for their instrument and orchestra. All works must be for solo instrument or vocal soloist and orchestra. No double concertos or vocal duets, etc. will be permitted. In addition, each participant may only enter one performance per year. Performers must provide two scores or photocopies of the score of their piece for the judges for both rounds. Instructors will submit students' applications by email.

CHANGE OF STUDIO POLICY

To request a change of studio teacher assignment, the student must follow the protocol below:

1. Try to resolve any problems with the major teacher directly by discussing your concerns
2. Schedule a face-to-face meeting with the Area Coordinator to discuss why you wish to change teachers
3. Area faculty will meet to discuss the request and determine if a change is warranted
